

Ovens & Cookers

Design is important, but for Indesit it's not just about beauty; cookers and ovens must also be practical and functional for everyday use.

That's why the designs of the new Indesit cookers and ovens are fresh and stylish. Each detail combines elegance, sturdiness and functionality for easier use and a longer life. Providing innovative solutions for everyday living.

4-5

Hobs

The Indesit range offers a choice of gas, electric and induction technology in a variety of colours to perfectly match the rest of your appliances.

With features such as residual heat indicators and child safety locks available, choosing the right hob to suit your needs has never been easier.

6-7

Dishwashers

Innovative dishwashing solutions, with versatile and intelligent programmes, offer maximum flexibility for all your needs.

Indesit not only makes life simple, it can improve it too. Throughout the range, all Indesit dishwashers benefit from water, energy and time saving technologies to make your life easier. Indesit dishwashers have been created with your busy life in mind.

8

Cooling

More technology, less energy. Indesit fridges and freezers offer the best cooling and food preservation features combined with the most energy efficient performance.

The Indesit Cooling range is designed to make everyday chores easier, saving you time without compromising on performance.

9-12

Laundry

Indesit laundry appliances are packed full of innovative technology to improve your lifestyle.

Available with Smart technology, these appliances help you save time, as well as water and energy. Loading and unloading has never been easier, with new wider doors and a tilted control panel for easy programme selection.

13-14

Quality from start to finish.

Quality is not just an Indesit choice, it is an essential requirement

At all stages of the creation of our electrical appliances, everyones job is to achieve the highest quality: at design stage, development stage, choice of raw material suppliers, plant production processes and techical assitance when the electrial appliance is in your home.

Indesit is the first white goods manufacturer to gain SGS* multi-site certification with **ISO9001: 2008 Quality Management System**. Internationally recognised, it demonstrates our commitment to quality and customer satisfaction.

We invest in both people and product. Since 2006, 500 designers have spent 12,000 hours in quality training courses. We spend, on average, over €3 million a year on quality improvements, with over 180 specific working teams in quality involvement Programmes.

All appliances are tested to simulate up to 10 years of use. For example, our washing machines have to go through rigorous testing before they get to your home:

- 30,000** door opening & closings
- 50,000** interface interactions
- 50,000** knob turns
- 2,500** dispenser drawer opening & closings
- 1,250** wash cycles
